# BREAK WITH AUSTRIA LOOMS

## Spain to Back Wilson, Even to Declaration of War

### BERLIN YANKEES PREPARING FOR U. S.-GERMAN ARMS CLASH

Backdown By Kaiser Would  
Be War's Greatest Sur-  
prise, Say Observers

### LAST ATOM OF POWER NOW IS MOBILIZED

Country Held Gigantic Pow-  
der Magazine Ready  
to Explode

BY CARL W. ACKERMAN  
(United Press Staff Correspondent)

BERLIN, Feb. 4. (Sunday, delayed).—Every American in Berlin is pre-  
paring for war between the United  
States and Germany.

News of the break in diplomatic re-  
lations was first printed in an extra  
issue at noon today by the Berliner  
Zeitung Am Mittag.

The report spread like wildfire  
through Berlin. Americans telephoned  
the grave news to each other and  
called up the American embassy for  
further information.

Up to this afternoon Ambassador  
Gerard had not received official noti-  
fication of the break. At this time,  
however, he went for an hour's con-  
ference with German Foreign Secre-  
tary Zimmermann. When he returned  
his manner was grave.

To observers here any drawing back  
by Germany from her announced in-  
tention of unlimited submarine war  
would be the greatest surprise of the  
war.

All Power Mobilized  
Germany has now mobilized every  
ounce of her energy for the expected  
—and decisive—campaigns.

With new troops going to the front,  
with Zeppelins flying over the city,  
with daily reports of submarine suc-  
cesses and the news of successful  
throwing off of entente attacks on all  
fronts, the country is steered to fur-  
ther sacrifices.

The feeling here is that Germany is  
a gigantic powder magazine, prepar-  
ing for an explosion in a military  
sense—and that this explosion will  
shake the universe.

The American embassy was a picture  
of gloom. Secretary Joseph C.  
Crew, Commander Gherardi, naval at-  
tache, and other secretaries and em-  
ployees paced the corridors nervously.

Official word was anxiously awaited.  
The brief word issued in newspaper  
extras was read and re-read.

Yankees Calm  
Outside, on the streets and in the  
subways, the newspaper extras sold  
furiously. Announcement officially  
of the break was calmly awaited by the  
American colony, however.

The question everybody in Berlin  
asked was how American officials, cor-  
respondents, Red Cross doctors and  
civilians will reach America—with all  
European liners stopped.

The present indication was that  
hundreds of Americans will be strand-  
ed. Neutral ship lines are refusing to  
book any passengers. A great number  
of Americans who had arranged to  
sail during February and March were  
notified that their sailings had been  
cancelled.

But the exodus of these Americans  
from Germany had already begun. It  
started in the middle of last week.

With all Scandinavian and Dutch  
liners stopped, Spain appears to be  
the only open route. On Saturday the  
ambassador received a telegram from  
the American embassy in Madrid noti-  
fying him what liners were sched-  
uled from there.

One suggestion that was circulated  
in Berlin was that Washington ar-  
range for a Norwegian ship to bring  
Americans from Bergen, Norway, to  
New York and, returning, to bear  
back from America Ambassador Bern-  
storff, his staff and German consuls.

Neutrals Held Afraid  
Newspapers have been pointing out  
daily since announcement of Ger-  
many's new policy that the small Eu-  
ropean neutrals—Denmark, Holland  
and Scandinavia, are not expected to  
oppose the submarine war, because of  
fear.

No comment from American news-

### Why Did They Do It?

BY CHESTER H. ROWELL

"Why did Germany do it? It is per-  
haps the most difficult question to  
answer, and yet the answer is de-  
cidedly not mere war-madness.  
Wisely or foolishly, but at least  
after careful consideration, Ger-  
many took a step which would in-  
evitably range against it the forces  
and sentiment of the world. What  
could have been its motives?"

First, doubtless, a long chance of  
possible success in the effort to  
starve out England and thereby  
win conclusive victory in the war.  
If England could be completely  
blockaded, its food supply would  
be gone within a few weeks and a  
separate peace with England could  
be forced. The establishment of  
Germany as the dominant power  
of Europe and as the greatest  
power in the world would then be  
beyond the dreams of ambition.  
It is hardly likely that sober-think-  
ing German authorities regarded  
success to this extent as probable.  
But they may have thought that  
even a remote possibility was  
worth risking.

Second, in the probable event of  
failure to put England under a  
complete state of siege, there was  
of course a reasonable possibility  
of so far increasing the privations  
of the English people as at least to  
equalize English and German con-  
ditions. Except for the price of  
violating the world's neutrality,  
this might have seemed an object  
worth gaining.

Third, in the event of the failure  
of both of these and of possible  
ultimate defeat, Germany would  
perhaps rather have the United  
States participating as a magnani-  
mous enemy in the final peace con-  
ference, than to have it a non-parti-  
cipating and therefore useless  
friend.

And, finally, if Germany has  
reached a point at which defeat is  
inevitable, it may have seemed the  
less evil to precipitate that defeat  
with a tremendous bang, especially  
if there is a long-shot gambling  
chance of escaping it, than it  
would be to face the slower and  
more ruthless process of gradual  
defeat.

These explanations, of course, do  
not justify the indefensible; but  
they may at least offer a rational  
explanation of how it might have  
happened.

papers has yet been printed.

Discussing the general situation  
created by the submarine order, the  
Lokal Anzeiger declared editorially:

"The public should be satisfied with  
one warm room and not expect the  
whole apartment. The public is  
warned that it must not only sacrifice  
more but must expect even more dis-  
comfort by the prolongation of the  
war, if the public wants to help win."

The reference to the "warm room"  
was particularly apt today, since Ber-  
lin is now in the grip of one of the  
most severe blizzards in years. There  
has been great suffering. However,  
no deaths have yet been reported.

### PERSHING FORCE CROSSES BORDER

BY WEBB MILLER

(United Press Staff Correspondent)

COLUMBUS, N. M., Feb. 5.—The  
American punitive expedition, sent in  
to Mexico last spring to capture  
Villa "dead or alive," marched back  
over the American soil today with the  
main object of its invasion of Mexico  
unaccomplished.

Riding at the head of the Ameri-  
can column, General Pershing, com-  
manding the expedition, led his men  
across the international line at 8:30  
a. m. today. As the front ranks of  
the line winding across the desert set  
foot upon the soil of their home land  
the men broke into wild cheering and  
shouting. The column as it covered  
the final stretches of the hike to the  
border was nearly fifteen miles in  
length.

### WAR'S TURNING POINT REACHED IS BRITISH PRESS VIEW

Yankee Navy Lauded As Edi-  
tors Analyze America's  
Sea Strength

BY LOWELL MELLETT

(United Press Staff Correspondent)

LONDON, Feb. 5.—British newspa-  
pers believe the turning point in the  
war has been reached. An indication  
of how important they regard the sit-  
uation may be judged from the fact  
that today's editions devoted from 40  
to 60 per cent of their editorial and  
news pages to the American situation.  
American news and analysis of Ameri-  
can naval strength was featured al-  
most to the exclusion of news from  
the various fronts and discussion of  
Britain's own internal affairs.

Naval experts' opinions were spread  
over columns in their newspapers.  
Their discussions centered upon the  
possible aid which might be expected  
from America on the seas. The ex-  
perts disagree on many points—even  
while they agree from the same sets  
of tables showing American naval  
strength—and probably the same pic-  
tures.

Pictures, incidentally, are printed  
in remarkable profusion.

Discuss Weapons

The naval experts are practically  
unanimous in their opinion that the  
main American fleet will not serve  
any purpose which is not already  
adequately met by present forces of  
the allies. The greatest attention is  
centered on weapons which might be  
used to combat the submarine menace.  
Some opinions bewail the failure of  
America to provide fast cruisers; oth-  
ers take satisfaction in large numbers  
of destroyers and gunboats listed in  
the American register.

The most interesting comment noted  
was the belief that something new  
will be produced from Thomas A. Edi-  
son's "Invention Board," appointed  
as a consulting committee by Secre-  
tary of the Navy Daniels.

Some predictions were that a mas-  
ter weapon against the submarine  
would be revealed once the United  
States entered the war.

Without exception the most favor-  
able attention was given by critics to  
the mobilization of volunteer motor  
craft, whose recent maneuvers in  
mock warfare against submarines  
were apparently keenly watched from  
this side of the water.

The Britons called these motor-  
boat adversaries of the submarines  
"sea wasps."

They hold that the addition of  
large numbers of these submarine  
hunters to the allies' offensive naval  
forces would be of the utmost value  
at the present juncture. The organi-  
zation of this force, the London Ex-  
press observes, proves the "American  
Navy Department has not been slow  
to learn the lessons of this war."

Laud U. S. Navy

All British newspapers united in  
lauding the spirit of the American  
navy.

"Everything justifies the confidence  
which the United States reposes in  
its naval strength," declared the  
Times. "Its officers and men are  
real sailors," declared the Standard.  
"The standard of discipline is differ-  
ent from ours—it is democratic, al-  
though efficient, nevertheless."

The Standard quotes Farragut's  
words: "Damn the torpedoes—full  
speed ahead," as typifying the Ameri-  
can naval spirit.

### SEEKS BIG SUM FOR U. S. DIVERS

WASHINGTON, Feb. 5.—Congress-  
man Emerson today introduced a res-  
olution seeking an appropriation of  
\$50,000,000 for the immediate con-  
struction of submarines.

WASHINGTON, Feb. 5.—Spain for-  
mally accepted America's request to  
look after American interests in Ger-  
many.

### S. AMERICA NOT STRONG FOR JOINT ACTION BY NEUTRALS

Wilson Is Not Likely to Get  
Much Latin-American  
Support, Outlook

BY CHARLES P. STEWART

(United Press Staff Correspondent)

BUENOS AYRES, Feb. 5.—Presi-  
dent Wilson is most unlikely to re-  
ceive much South American support  
in his suggestion for joint neutral ac-  
tion if editorial comment is any stand-  
ard by which to judge.

In Argentine it is necessary to dif-  
ferentiate between the lower and the  
upper class opinion as to America's  
step.

It is noticeable that the former class  
—the most numerous—is pro-United  
States because it is pro-ally. But the  
upper class controls the policies of the  
nation. And it is coldest toward the  
United States.

The same situation exists in other  
South American republics.  
An editorial in La Nacion today is  
typical of the preponderating opinion  
of South American newspapers.

It epitomized the statement of former  
Foreign Minister Muratore, ex-  
pressing hope that the United States  
will "be wise enough to avoid war,"  
implying that she can avoid hostilities  
if she wishes.

The editorial was likewise typical in  
the intimation that the United States  
is responsible for the present situa-  
tion, owing to its alleged attempt to  
monopolize the credit and prestige of  
peace making. In pursuance with  
this attempt, the United States was  
charged with defeating the consolida-  
tion of neutrals which the A. B. C. na-  
tions proposed early in the war and to  
the formation of which the United  
States at first pledged its aid. The aid  
was later withdrawn and the project  
fell through. Since that time the  
United States is held to have acted  
alone and on many occasions in such  
a way as to be directly opposed to  
South America's wishes in the matter.

La Nacion's editorial expressed the  
belief that the United States was "now  
alone." The expression was taken as  
belief that South America would not  
join the United States. La Nacion's  
influential position and the accuracy  
of its previous statements as to Ar-  
gentine's attitude, coupled with its usual  
reticence and deliberation in editorial  
expression, make this direct statement  
most significant.

### AMERICAN LINER SAFELY IN PORT

GALVESTON, Feb. 5.—The  
Norwegian steamer Agorin ar-  
rived here today from Gibraltar  
with forty members of the crew of  
the Japanese steamer "Chinto  
Maru," picked up in open boats  
200 miles off shore. The Japanese  
steamer was sunk by a submarine  
January 5 and the crew was re-  
scued, exhausted, twenty-four hours  
later.

BERLIN, Feb. 5.—Four persons  
were killed when the British steamer  
Evestone was submerged, it was  
learned today. The Danish steamer  
Lark Russo also has been sunk.

NEW YORK, Feb. 5.—The Ameri-  
can line today announced the arrival  
of the liner Philadelphia at Liverpool  
at 11 o'clock last night and the arrival  
of the Finland at 8 a. m. today at the  
same port.

The steamer New York sailed at  
5:30 yesterday afternoon from Liver-  
pool for New York, carrying 110 first-  
class passengers, 67 second-class and  
54 third-class.

NEW YORK, Feb. 5.—The American  
liner St. Louis will not sail today, it  
was stated by officials of the American  
line.

Whether she will depart later for  
Liverpool will not be stated.  
"We cannot comment on that just  
now," it was said.

### U.S. Struggles to Avoid Diplomatic Breach With Kaiser's Ally On Divers

WASHINGTON, Feb. 5.—Austria has sent the United States a note prac-  
tically identical with the German declaration of unrestricted sea warfare, but  
despite this the administration is making every effort to get a change on  
Austria's part and avoid a break similar to the German rupture.

These negotiations have proceeded for the past two days.  
Because of them the state department has withheld the text of the Aus-  
trian note and has refused all comment regarding it further than to say it  
had a communication from Austria. The purport of the note has been gen-  
erally understood, but confirmation of its exact nature was not available un-  
til today.

BY ROBERT J. BENDER

(United Press Staff Correspondent)

WASHINGTON, Feb. 5.—This gov-  
ernment entered today upon the real  
danger period in its position toward  
Germany, for today the time of grace  
for neutral shipping in the new war  
area expires.

At the same time, three momentous  
developments have come to improve  
what some officials insist are possi-  
bilities of a peaceful outcome:

Germany has yielded to this coun-  
try's demands made a few hours be-  
fore the break in relations came, for  
immediate release of Americans held  
prisoners in Germany.

President Wilson has asked all neu-  
trals to follow his course in severing  
diplomatic relations with Germany,  
believing such action "will make for  
the peace of the world."

Germany has met the full demands  
of international law in the Housatonic  
case.

This government has yet to reach  
a decision on relations with Austria.  
Careful consideration has led the  
officials to feel that the break with her  
will not come, however, unless Austr-  
a herself precipitates it—if she has not  
already.

Whether peace continues or war is  
to come, the present situation with  
Germany should develop within a few  
days, it is officially believed. With  
that time, the attitude of most of the  
neutral nations will become publicly  
known and whether or not Germany  
intends to halt or continue the cam-  
paign President Wilson called ruthless,  
will also develop.

At the same time he is employing  
the mailed fist to emphasize his peace  
hopes, the President is taking every  
step to prepare the country for even-  
tualities more serious than those al-  
ready developed.

With diplomatic relations at an end,  
there is always the constant danger  
that the situation between the United  
States and Germany will develop in-  
to a state of war; officials realize such  
a severance of relations has always  
been followed by war. At any moment  
an unfortunate mistake or a delib-  
erate act by some U-boat commander  
may bring the "sparks" to our shores.

Neutrals Watched

The attention of the United States  
government today now centers upon  
neutral nations of the world.

The President has indicated clearly  
that his move in breaking relations  
with Germany is designed to lead neu-  
tral countries in a great moral effort  
—backed by arms if necessary—to en-  
force peace.

The President has formally request-  
ed full and immediate reports from  
American representatives in the neu-  
tral capitals on the reception of his  
suggestion as to similar action.

Owing to the fact that this govern-  
ment has always stood out for individ-  
ual or "parallel" action instead of  
joint action, there are unofficial in-  
dications that many of the countries  
now will decline to enter a parallel  
effort to force Germany into modifying  
her submarine war.

The ruling classes of Spain and  
Sweden are generally understood to  
be somewhat pro-German, while other

### New Parley On U-Boats Told in Mystery Radio

LONDON, Feb. 5.—Wireless messages from Berlin today said:  
"Negotiations are proceeding as to further concessions in the U-boat war-  
fare without prejudicing its purposes."

The dispatch above is evidently based on wireless interchanges which  
were "picked up" by British wireless stations. The announcement did not  
state between which points or nations the "negotiations were proceeding."

WASHINGTON, Feb. 5.—The state department declared today it knew  
nothing of "negotiations proceeding for further concessions" in the U-boat  
blockade, as reported by wireless to London.

### TEUTON LEADER FIRM ON STAND TO PROSECUTE UNBRIDLED SEA WAR

Foreign Secretary Zimmer-  
man Declares 'There Is  
No Step Backward'

### GERMANS DETERMINED TO STICK TO DEFINITIVE

Hostile Utterances Made By  
Cologne Gazette, Say  
Amsterdam Wires

### BULLETIN

LONDON, Feb. 5.—Rich-  
ard Wallace, an American  
sailor, was killed when a sub-  
marine shelled the boats of  
the steamer Evestone, the Ad-  
miralty announced tonight.

WASHINGTON, Feb. 5.—  
After a day of hope in the  
German situation, news of the  
killing of an American sailor  
came tonight to officials as al-  
most a declaration of war  
from Germany. Officials' first  
comment was, "It looks bad"  
and in the same breath they  
asked for time in which to get  
details. Officials refused snap  
judgment.

LONDON, Feb. 5.—Spain  
will follow America against  
Germany, even to a declara-  
tion of war, according to a  
Rome dispatch today, quot-  
ing the Spanish ambassador.

BERLIN, Feb. 5.—Papers  
here today quote Foreign Sec-  
retary Alfred Zimmermann as  
follows:

"There is no step back-  
ward. President Wilson's de-  
cision is astonishing. We  
have broken no promises. We  
hope that President Wilson  
will warn Americans from the  
blockade zone."

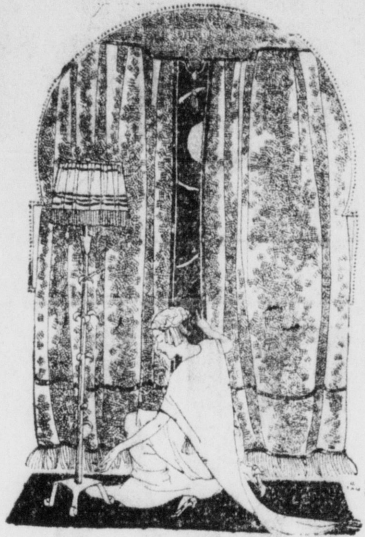

AMSTERDAM, Feb. 5.—No in-  
dication that Germany intends to modify  
or withhold her unlimited submarin-  
ing policy is given in newspaper com-  
ment received here today. The dis-  
patches quote from the first German  
editorial utterances since the Ameri-  
can break. The Cologne Gazette  
says:

"President Wilson's act is regretta-  
ble, but we have firmly decided to ap-  
ply our full means of bringing victory  
and peace and if President Wilson's  
declaration means war, we will not be  
deterred."

WASHINGTON, Feb. 5.—A promi-  
nent neutral diplomat today said that  
President Wilson's request that other  
neutrals break with Germany is prac-  
tically an act of war.

## Spring Showing of New Sunfasts, Cretonnes, Fancy Nets and Other Up-to- Date Draperies---

Never has our stock been more complete than at the present time. Never have drapery fabrics been as beautiful and colorful as this season. Our drapery department is showing an unusually large assortment of the very latest in curtain materials.

The popular shades of old blue, dull rose, and combinations of tan and brown with other colors are prevalent in draperies for living room use while the cretonnes in brighter colors best express the bedroom drapery treatment. We measure, make and hang draperies of every character and description.

## MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a  
Mustard Plaster Without  
the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

## War Or No War

This is the time to buy Flour. The talk is that flour will go to \$14.00 per barrel. A month or two ago the potato dealers said potatoes would go to \$4.50 and \$5.00 per cwt. They are quoted today in Los Angeles at \$5.00 per cwt. and before this week is out they are liable to get to the \$4.50 mark. The way things are shaping there is nothing to prevent flour from going to \$14.00 or \$15.00 per barrel. You can just as well save \$4.00 or \$5.00 per barrel by buying now.

We are offering you the biggest value ever offered in flour in this city. We have put this flour in place of all the popular brands such as 3-P Kansas, Moses Best, A-1, Drifted Snow, etc., and it has stayed put.

## HIGHLIGHT FLOUR, This Week, 1 lb. sk. \$2.50

READ THE GUARANTEE  
Take a sack of highlight flour home, use it all and if it does not prove as good or better than any other flour you have used, bring back the empty sack and get YOUR MONEY BACK.

Can you beat it?

**F. E. MILES**  
CASH GROCER and MEAT  
MARKET.

Fourth and Broadway.

Southern California yesterday by defeating the fast Fullerton aggregation by the score of 5 to 4 before a crowd of some 2000 fans. The game was played in Fullerton. San Pedro won three straight from the Fullertonites.

Pete Schneider was on the hill for the victors. The Cincinnati heater allowed seven hits, but kept them well scattered. Skeeter Fanning, Dallas heater, allowed six hits. The summary:

R. H. E.	
San Pedro	5 6 3
Fullerton	4 7 2
Batteries	Schneider and Cook; Fanning and Callan.

## DANCING MEN BEAT SANTA ANA, 10 TO 5

The Penny Dance Ball Club of Los Angeles danced its way to a 10 to 5 victory over the C. E. Holmes club at Moose Park yesterday afternoon.

It was an off day for the locals and the boys that represented the dancing pavilion had things all their own way.

When the dust cleared away it was found that the invaders had cornered a total of 14 hits which alone will tell the story.

Midget Brown was not on the mound on account of a sore shoulder and the duties of twirling fell to "Bec" Lan Franco and Pete Duhart, but the dancers were too much for the boys.

Santa Ana got 6 hits and made 4 errors, while the Los Angeles Club made 3 errors.

The line-up:		Solomons	
Santa Ana	P	Solomons	Seigler
Lan Franco	C	Duhart, Stevens	Thornton
Luxembourger	1B	Emmett	Williams
Brown	2B	Brown	Rodney
Duhart	3B	Duhart	Thurston
Lan Franco	SS	Walters	Goetz
Franklin	LF	Franklin	Benson
Brown	CF	Brown	Delaney
	RF		Price

## DESPONDENT BREA MAN IS SUICIDE

FULLERTON, Feb. 5.—"What would you do if I was dead?" T. J. Daniels, 25, a carpenter employed at the Graham and Loftus least east of Brea, asked his wife late Saturday afternoon.

His wife refused to discuss it with him and left the room to go to the kitchen to prepare a meal. A moment later a shot rang out. Neighbors found Mrs. Daniels sobbing over her husband, who lay lifeless on the floor, a .32-caliber bullet in his brain.

Daniels, who had been working on the Graham and Loftus lease for some time, came from Tulare, where his wife's relatives live. The couple have been married several years. They have no children. Daniels is said to have been despondent over debt, resulting largely from dissipation. He had been drinking recently.

## BREAKS FIRE HYDRANT

ANAHEIM, Feb. 5.—Charles Conliffe, a contractor living at Anaheim, created a geyser which flowed for three-quarters of an hour at Anaheim Saturday morning. Conliffe, who was in an automobile, swerved his car sharply to avoid hitting a motorcycle at the corner of Broadway and Philadelphia street. The auto crashed against the hydrant and snapped it off, loosing a geyser which spouted a column of water nearly ten feet in the air. The front of Conliffe's car was damaged.

## FOREIGN POWERS KEEP CLOSE WATCH ON U. S. LOAN TO CHINA, WORD

PEKIN, Feb. 3.—Foreign powers interested in China and her riches today are turning watchful eyes toward America and her recent tendency to take a hand in the financing of the Celestial republic. This has just been illustrated by the action of the Four-Power-Loan group—Germany is no longer considered a member—in addressing an inquiry to the Chinese Department of Finance concerning the new American loan, concluded with the Continental Commercial Bank of Chicago.

From information now available it appears that the advance of \$5,000,000 already announced is a part of a loan of \$30,000,000, from which the \$5,000,000 loan is to be repaid in three years. The loan will bear 6 per cent interest, will be issued at 97½ and will be secured by wine and tobacco taxes. It has already passed the House of Representatives here.

## ENGINEER'S HEROISM AVERTS TRAIN HORROR

SAN BERNARDINO, Feb. 5.—With his arm broken and his body bruised, J. H. Dalzell, engineer on a runaway Salt Lake engine, left the engine after it took a fatal plunge, walked back and with the automatic block signal, halted the Missionary Santa Fe passenger train, running twenty minutes behind the engine. John Davis, fireman, was killed. A preliminary inquiry revealed Dalzell's heroism.

## C. S. HALLEY, PIONEER OF L. A., PASSES AWAY

LOS ANGELES, Feb. 5.—Cicero S. Halley, 74, pioneer, who came here in 1874, died. No railroads connected San Francisco and Los Angeles in 1874 and Halley had to come to Los Angeles by boat.

## NEW YORK LIFE DEPICTED IN FULL BY FILM

Big Program Will Be Feature  
At West End Theater  
For Three Nights

New York life, from the tenement districts to the sections occupied by homes of millionaires, is shown fully in the remarkable pictures showing at the West End under auspices of the Register.

C. Post Mason's photoplay excursions in Greater New York were given their first production here yesterday and will continue tonight, tomorrow and Wednesday. The New York scenes are given in addition to regular program of this popular amusement house.

The house was crowded yesterday and the production met the full expectation of those who witnessed it. The photoplay is excellent and some of the scenes are marvelous. The night scenes of the Great White Way are beyond description. They were taken from the fifty-fifth story of the Woolworth building. The tenement districts, where a quarter of a million people live in a section a quarter of a mile square, Fifth avenue drive, the subway, hotel life, millionaires' residences, Coney Island by day and by night—all are shown on the screen as they are.

The pictures are educational and should not be missed by anyone. More of New York is shown by the films in one hour than an individual could see in a month by visiting New York.

A special feature of the production is the careful editing of the scenes by Mason. Every scene is fully described—nothing is left to guess work.

Manager Schlesinger announces that he will start the film of Vivian Martin "In the Right Direction"—tonight instead of tomorrow night, thus giving this big feature a three-night instead of a two-night run.

The program will start tonight promptly at 7 o'clock, with a Billie Burke film running to 7:30. "In the Right Direction" until 8:30, and concluding with the New York pictures, running until 9:30.

The program is an exceptional one and its crowded houses are predicted for every show, every—should arrange to get seats early.

## BOY AGAIN ACCUSED OF ANAHEIM THEFTS

ANAHEIM, Feb. 5.—Vincent Barfoot, 15-year-old youth, who received a suspended sentence of sixty days Thursday for stealing auto tanks and realizing \$6.50 for their sale, was arrested Saturday following the theft of several auto spotlights and other accessories. As in his previous visits to the city jail he has confessed and will appear before Judge Howard today. Young Barfoot is the son of a prominent family in Anaheim, and it is said that the lure of a "good time" has caused his ruin.

Standard Paint and Paper Co., 209 West Fourth St. Phone Sunset 1376.

Dr. Enoch, phone 602W, 411½ Main.

## BUILDING CULVERTS FOR DRAIN SYSTEM

Nat Neff, superintendent of the county roads maintenance department, has a crew of men at work building culverts on the paved road between Westminster and Seal Beach. Three culverts will be constructed in connection with the drainage system that is being put in for the Hellman and Bixby ranches. Wherever the paved road has to be cut, Neff will use planks so that there will be no interference with travel.

## A FRIEND'S ADVICE

Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctors said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, and the result is I feel like a new woman. I am well and strong, do all my own house work and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. NELLIE FISBACK, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary.

If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

## Graceful Lines Beautiful Fabrics Charming Styles

—These qualities are summed up in every suit shown in our spring line.

—We assure you that they are uncommonly "smart," stunning without being "extreme"—elegant without being "ultra"—and best of all, every suit in the assortment is marked at a price that makes buying a very tangible form of economy.

New Spring Suits at \$20 to \$35

## New Spring Coats \$13.50 to \$25

—The new Sport Styles, with loose, easy-fitting lines.

—Velours and light-weight materials in brilliant solid colors which will be in big demand this season.

## New Silk Dresses

—Of Taffeta, Crepe de Chine and Taffeta, and Georgette combinations.

—New straight line effects, pleated skirts, sailor collars, some smartly embroidered.

—New colors at \$15 and up to \$25.

—We urge you to visit our store at your earliest convenience to inspect the beautiful new spring garments, representing as they do, the very latest styles from the important style centers.

## New Silk Blouses

—Beautiful new spring styles just received by express.

—Of Crepe de Chine, Georgette, Tub Silks, Ponge, in plain white, flesh, fancy stripes and dot effects.

—Some are lace trimmed, others are embroidered and in two-color combinations.

—We feature two prices, values that are out of the ordinary, at \$3.50 and \$5.00.

## New Wash Goods, Gingham, Percales

—Our first shipment of new spring wash goods has arrived and is now on sale.

—Thousands of yards to choose from—all the new things and every yard, every inch, of these goods are of the best class, trade mark and brands that stand for dependability.

New Wash Goods at 15c to 65c; New Gingham at 12½c to 25c; New Percales at 15c to 17c.

## New Curtain Materials Scrims, Marquisettes, Nets.

—Fresh, new, attractive patterns, just brought out for spring selling.

—White Ivory and Arabian in plain, small, neat patterns, and double border effects, some in two-tone shades.

—Widths are from 36 to 45 inches.

—Extraordinary value at 25c to 65c yard.

## New Draperies

—New spring lines in Tapestries, Cretonnes, Repts, Taffetas—in the newest patterns for upholstery, for bedroom draperies and the many effective ways for which these beautiful patterns can be used, at 25c, 35c, 50c and up.

## Turkish Bath Towels

—18x36 inches, snow white, double thread towels, with hemmed end—a special value at the price, 17c.

## Bleached and Brown Toweling 13½c yard

—A part linen toweling, made for service and very absorbing.

## Women's Cotton and Lisle Hose 25c

—Two special values—no seams and fast colors—size 8½ to 10.

## New Dress Gingham

12½ yard

—Absolutely fast colors—big range of new spring patterns—a very special value at the price.

## Long Cloth at 12½c and 15c yard.

—An unusual purchase enables us to offer these special values.

## POLY BASEBALL CHAMPIONSHIP PROSPECTS ARE ROSY

Season to Begin In About 3 Weeks At San Pedro, Is Present Plan

The first week of baseball practice is over out at Poly high and to say the least, championship prospects are strong. With twenty fellows or more turning out every night and all of them showing up in good form the followers of the national sport are warming more and more toward the idea of the county championship.

Manager George Morrison has arranged a heavy schedule for the team, the season commencing in about three weeks at San Pedro. From there on there is only one open date, besides March 17 when the Orange County meet will be staged. Games have been booked with San Pedro, Long Beach, Sherman Indians and of course all the county teams. Because of the county schedule making games around spring vacation, plans for a four-day tour have been abandoned.

The twirling job has developed into practically a two-man proposition. "Lonely" Morrison and Marshall Burke look like the men to scrap it out for the heaving duty. Towns, the colored boy, has been out once or twice but it is practically certain that he will be unable to report consistently. Vanderlip has been showing them over of late and Mentor Smith may decide to develop the third sacker into a hurler.

Try for Catcher  
"Carny" Carnahan and Captain "Dutch" Holzgrafe are out for the catching berths. Ted Moyle, the newcomer from Downey, has not bothered with baseball work this week and unless he soon comes out and shows his worth he may find the first base position that everybody had him out and died for, already filled. Austin Ober, from Big Pine, is snagging them in Hal Chase fashion with his little first sacker's glove and looks certain to land a berth either on the initial sack or in the infield somewhere. "Juice"

## BELL-ANS

Absolutely Removes Indigestion. One package proves it. 25c at all druggists.

## GROCERTERIA

Wait on yourself and cut down the high cost of living.

FREE, with every sack of the following, we will give a 1/2 lb. of our high grade 30c coffee FREE.

## WANTED

We buy junk of all kinds—Rubber, Sacks, Bottles, Rags, Iron. Highest prices paid. Phone us and we will call. Santa Ana Junk Co., 419 West Fifth St. Phone 1246.

## Work Clothes

You will find here at all times a large stock of high grade work clothes. At present we are selling many lines under today's market price, due to our foresight in heavy buying on the low market.

Blue Overalls, \$1.25.  
Boss and Big "3" brands.

Khaki Pants, \$1.50  
Heavy weight.

Work Shirts, 50c up.

## Hill & Carden

112 West Fourth St.

Bryan is showing up like a big leaguer and may be shifted to the infield if his class work keeps up.

Among the fellows trying out who look good, are "Tough" Tyrrell, the basketball player; George Baker, the fat boy; Lloya Neal, Neal Raney, Adams, Boyce, Friend and Gedhardt.

Walt Hall's chances of producing a winning track squad were given a real boost by the novice track meet staged Wednesday after school. In Don Smith, Hall has a real corner, and the promising Frosh can get up in his subjects, some sure markers will be added to Santa Ana's total in the dual meets. This bird rang up twenty points against the Sophies besides overcoming a five-yard lead in the relay and winning the race for his team.

Hugh Osborn and Keeney Horton will make a strong quarter-mile duet and Osborn may run the sprints like-wise. Towns is a shot putter of promise, Salter and Moyle have shown up well in the distances. Keeney looks good in the sprints and high jump.

Carothers, a Soph, has been springing a lot of surprises of late in the high jump and Bob Jeffrey with more form will develop into a star.

Besides these new men, there are the letter men to be depended on. Raney and Trago are fast sprinters and the former is an excellent hurdler to boot. Trotter should take care of the pole vault and high jump. Nieblas, if he returns, will shine in the distances and there are other promising men. So all in all, a real cinders team is guaranteed.

## APPOINT WOMAN FOR DETENTION HOME HEAD

Mrs. Hutchins Succeeds Munson, Superintendent of County Institution

On Thursday of this week the Orange County Detention Home on Grand avenue will have a new superintendent, Mrs. S. C. Hutchins, who will succeed Charles R. Munson, who is withdrawing from the position he has held for the last two or three years.

Mrs. Hutchins has been appointed superintendent by the Juvenile Court committee, which has charge of the management of the Detention Home and which co-operates with the juvenile court judge, W. H. Thomas.

Mrs. Hutchins is admirably fitted by personality and experience for the position. For a period she had charge of a similar institution at Lordsburg, and for some time past she has been in charge of the Seaside Home at Huntington Beach. While the Seaside Home has been utilized largely for the care of orphans, it has also been used for the care of dependent children who have come under the jurisdiction of the juvenile courts of Los Angeles and this county, though but few have been sent from the court of this county.

The Detention Home is an institution that has proven of great value in the reclaiming of children as well as of great value in opening the way for giving children a chance who were not bad but who were merely unfortunate. The members of the Juvenile Court committee have taken a close personal interest in the welfare of the home and of its inmates. To it drift many of the problems left by broken homes and broken lives of parents.

LINGERING COUGHS ARE DANGEROUS  
Get rid of that tickling cough that keeps you awake at night and drains your vitality and energy. Dr. King's New Discovery is a pleasant balsam remedy, antiseptic, laxative and promptly effective. It soothes the irritated membrane and kills the cold germs; your cough is soon relieved. Delay is dangerous—get Dr. King's New Discovery at once. For nearly fifty years it has been the favorite remedy for gripe, croup, coughs and colds. Get a bottle today at your Druggist's, 50c.

## DANCING CLASSES

Miss Helena F. Browning is forming adult beginners' class at Elks' Club, Friday at 7:00 p. m.; advanced, 8:30 p. m.; juvenile class in physical culture, classical and national interpretives, and department at 4 p. m.

## FORD ROADSTER STOLEN WHILE OWNER IS AT CHURCH

R. E. Coulter Is Minus Car Which He Left Standing In Front of Baptist Church Last Night

The arrest week before last two, Bobbie Northrop and Frank Spencer, for the theft of a Ford car from the garage of the Ford Sales and Service Company, does not seem to have stopped the car thefts in this vicinity.

R. E. Coulter, of 424 South Birch, drove his Ford roadster to the Baptist church last night to attend the evening services there. His car was stolen shortly after he drove up to the church. The machine was found this morning on Spurgeon street near Tenth.

W. A. Huff had a spotlight stolen from his machine Saturday night. The car was left standing on Sycamore between Fourth and Fifth.

A. A. Ball, of Bolsa, reported last night, that while attending the services at Nazarene church a week ago last night, some one stole a laprobe and batteries of his machine.

A Studebaker car belonging to E. O. Ward-Tustin was stolen at Long Beach last evening.

## TEXT OF WILSON CONGRESS ADDRESS

WASHINGTON, Feb. 3.—The full text of President Wilson's speech before Congress on severance of relations with Germany is as follows:

"Gentlemen of the Congress:  
"The imperial German government on the 31st of January announced to this government and to the governments of other neutral nations that on and after the 1st day of February, the present month, it would adopt a policy with regard to the use of submarines against all shipping seeking to pass through certain areas of the high seas, to which it is clearly my duty to call your attention.

"Let me remind the Congress on the eighth of April last, in view of the sinking on the twenty-fourth of March of the cross-channel passenger steamer Sussex by a German submarine, without summons or warning and the consequent loss of the lives of several citizens of the United States who were passengers aboard her, this government addressed a note to the imperial German government in which it made the following declaration:

Quotes U. S. Note  
"If it is still the purpose of the imperial government to prosecute the relentless and indiscriminate warfare against vessels of commerce by the use of submarines without regard to what the government of the United States must consider the sacred and indisputable rules of international law and the universally recognized dictates of humanity, the government of the United States is at last forced to the conclusion that there is but one course it can pursue.

"Unless the imperial government effects an abandonment of its present methods of submarine warfare against passenger and freight carrying vessels, the government of the United States can have no choice but to sever diplomatic relations with the German empire altogether."

"In reply to the declaration the imperial government gave this government the following assurance:

German Assurance  
"The German government is prepared to do its utmost to confine the operations of war for the rest of its duration to the fighting forces of the belligerents, thereby also insuring the freedom of the seas, a principle upon which the German government believes now, as before, to be in agreement with the government of the United States.

"The German government, guided by this idea, notifies the government of the United States that the German naval forces have received the following orders: In accordance with the general principles of visit and search and destruction of merchant vessels recognized by international law, such vessels, both within and without the area declared as a naval war zone, shall not be sunk without warning and without saving human lives, unless these ships attempt to escape or offer resistance.

"But," it added, "neutrals cannot expect that Germany, forced to fight for her existence, shall, for the sake of neutral interest, restrict the use of an effective weapon if her enemy is permitted to continue to apply at will methods of warfare violating the rules of international law.

"Demand Incompatible"  
"Such a demand would be incompatible with the character of neutrality, and the German government is convinced the government of the United States does not think of making such a demand, knowing that the government of the United States has repeatedly declared that it is determined to restore the principle of the freedom of the seas, from whatever quarter it has been violated."

"To this the government of the United States replied on the eighth of May, accepting, of course, the assurance given, but adding:

"The government of the United States feels it necessary to state that it takes it for granted that the imperial German government does not intend to imply that the maintenance of its newly announced policy is in any way contingent upon the course or result of diplomatic negotiations between the government of the United States and any other belligerent government, notwithstanding the fact that certain passage in the imperial government's

note of the fourth instant might appear to be susceptible to that construction.

"In order, however, to avoid any misunderstanding, the government of the United States notifies the imperial government that it cannot for a moment entertain, much less discuss, a suggestion that respect by German naval authorities for the rights of citizens of the United States upon the high seas should in any way or in the slightest degree be made contingent upon the conduct of another government, affecting the rights of neutrals and noncombatants. Responsibility in such matters is single, not joint; absolute, not relative."

U. S. Gets Memo  
"On the thirty-first of January, the Wednesday of the present week, the German ambassador handed to the Secretary of State, along with a formal note, a memorandum which contained the following statement:

"The imperial government, therefore, does not doubt that the government of the United States will understand the situation thus forced upon Germany by the entente allies' brutal methods of war and by their determination to destroy the central powers, and that the government of the United States will further realize that the now openly disclosed intention of the entente allies gives back to Germany the freedom of action which she reserved in her not addressed to the government of the United States on May 4, 1916.

"Under these circumstances Germany will meet the illegal measure of her enemies by forcibly preventing, after February 1, 1917, in the zone around Great Britain, France, Italy and in the Eastern Mediterranean all navigation, that of neutrals included, from and to England and from and to France, etc. All ships met within the zone will be sunk."

But One Alternative  
"I think that you will agree with me that, in view of this declaration, which suddenly and without prior intimation of any kind deliberately withdraws the solemn assurance given in the imperial government's note of the fourth of May, 1916, this government has no alternative consistent with the dignity and honor of the United States, but to take the course which, in its note of the eighteenth of April, 1916, it announced that it would take in the event that the German government did not declare and effect an abandonment of the methods of submarine warfare which it was then employing and to which it now proposes again to resort.

"I have, therefore, directed the Secretary of State to announce to his excellency the German ambassador that all diplomatic relations between the United States and the German Empire are severed and that the American ambassador at Berlin will immediately be withdrawn, and in accordance with this decision to hand to his excellency his passports.

"Notwithstanding this unexpected action of the German government, this sudden and deeply deplorable renunciation of its assurances, given this government at one of the most critical moments of tension in the relations of the two governments, I refuse to believe that it is the intention of the German authorities to do in fact what they have warned us they will feel at liberty to do.

"I cannot bring myself to believe that they will indeed say no regard to the ancient friendship between their people and our own, or to the solemn obligations which have been exchanged between them, and destroy American ships and take the lives of American citizens in the willful prosecution of the ruthless naval program they have announced their intention to adopt. Only actual overt acts on their part can make me believe it even now.

"If this confidence on my part in the sobriety and prudent foresight of their purpose does not unhappily prove unfounded; if American ships and American lives should in fact be sacrificed by their naval commanders in heedless transgression of the just and reasonable understandings of international law and the obvious dictates of humanity, I shall take the liberty of coming again before Congress to ask that authority be given me to use any means that may be necessary for the protection of our seamen and our people in the prosecution of their peaceful and legitimate errands on the high seas.

"I can do nothing else. I take it for granted that all neutral governments will take the same course.

"We do not desire any hostile conflict with the imperial German government. We are the sincere friends of the German people and earnestly desire to remain at peace with the government which speaks for them. We shall not believe that they are hostile to us unless and until we are obliged to believe it; and we purpose nothing more than the reasonable defense of the undoubted rights of our people.

"We wish to serve no selfish ends. We seek merely to stand true alike in thought and in action to the immortal principles of our people, which I have sought to express in my address to the Senate only two weeks ago—seek merely to vindicate our rights to liberty and justice and an untroubled life.

"These are the bases of peace, not war. God grant that we may not be challenged to defend them by acts of willful injustice on the part of the government of Germany."

## KEEP LIVER ACTIVE AND BOWELS CLEAN WITH 'CASCARETS'

Best When Bilious, Sick, Headachy, Constipated, or For Bad Breath Or Sour Stomach

—Be cheerful! Clean up inside tonight and feel fine. Take Cascarets to loosen up your liver and clean the bowels and stop headaches, a bad cold, biliousness, offensive breath, coated tongue, sallowness, sour stomach and gases. Tonight take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up feeling grand—Everybody's doing it. Cascarets best laxative for children also.—Advertisement.

**THE ROMINGER BILL**  
The so-called Rominger bill is being given astonishing publicity. The measure was introduced by State Senator Rominger. It was prepared by agents of the Hearst newspapers. It has the backing of those publications. The measure fixes the alcoholic content of intoxicating liquors at a 10 per cent maximum. It is, however, loosely drawn, apparently by persons unfamiliar with the details of the job they have undertaken. The statement has been made of the bill, that in its present form it does not meet a single purpose claimed for it by its supporters. The temperance people regard the measure as one which could be amended to make it a step in the right direction, and as nothing more. Their attitude is, however, being greatly misrepresented by the measure's newspaper backers. The San Francisco Call, for example, prints the following:

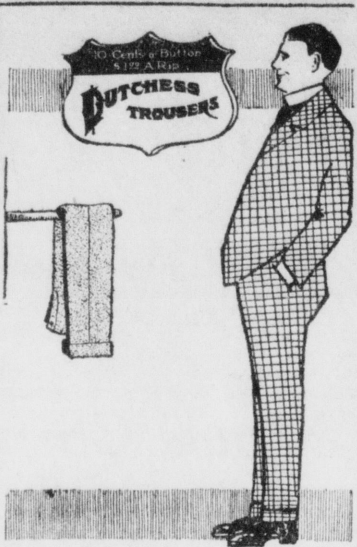

"D. M. Gandier, state superintendent of the Anti-Saloon League, has expressed the opinion that the prohibitionists would welcome the passage of the Rominger bill. They would prefer to keep the percentage of alcohol at ten. Not only would the Rominger bill be acceptable at present, but Gandier thinks it would suffice at least for a long time.  
"It is likely if Gandier swings in behind the Rominger bill that the proposed amendment to the Wyllie local option bill, which amendment has the backing of Gandier, will be abandoned and the Rominger bill given the entire support of the prohibitionists."  
Dr. Gandier gave no such interview. He had not at the time the statement was printed, even been approached by a Call reporter. Dr. Gandier has not stated that the Rominger bill would suffice for a long time. He has no idea of abandoning the County Unit bill. There is no prospect of the Rominger bill being given the entire support of prohibitionists.

The San Francisco Examiner is quoting Chester H. Rowell of the Fresno Republican as being for the bill. The Examiner is in error. Mr. Rowell is not for the bill in its present form. His position is set forth in the following editorial article which appeared in the Republican on January 31:

"Arguing for its pet, the 'Rominger 10 per cent bill,' the Examiner says 'it will tend to substitute the peaceful family inn for the brawling saloon.'  
"Why stop at the 'tend to,' or confine the repression to those of the saloons which are 'brawling'?"  
"The public sentiment of this State is only partly educated on the distinction between fermented and distilled liquors. It is fully educated on the difference between saloons and other sorts of drinking places. It does not want merely to 'tend to' suppress saloons. It wants to suppress them, directly, completely and immediately. And its objection is not merely to the 'brawling' sort. It includes also the peaceful ones. No bill will be satisfactory, or will bring even temporary surcease of agitation, which does not directly prohibit the saloon. Then, if, in addition, whisky and all other distilled liquors can be prohibited everywhere, as the Rominger bill proposes, consent for reasonably liberal provisions for the sale of beer and wine can probably be had. But if whisky is not prohibited, then beer and wine will have to submit to the tight conditions which will be imposed on whisky. And unfortunately, whisky can survive those conditions, and beer and wine cannot.  
"There are two things to be stopped; not one. The Examiner, by deliberate policy, is confining itself to one of them, and is using its publicity to promote a bill which meets only one of them. Let it—or, if it will not, then let the Legislature—include both. The two are, first, the suppression of whisky, because it is a pernicious drug, and second, the suppression of the saloon, because it is a pernicious social institution. The Examiner is only after the first—the whiskey. It mildly infers that the worst of the saloons will then die a natural death. But the people are after both, and especially after the second—the saloons. And they are after both sorts of saloons—not merely the 'brawling' and lawless, but the 'respectable' ones, too. No bill will suffice which does not close both.  
"To repeat—for we are deliberately repetitious, in order, by iteration, to make the point unescapable that the two evils and not one alone must be included—the law must prohibit both whiskey and saloons. If the Rominger bill includes only one, another bill will be introduced which includes the other. And unless they both pass the Legislature, there will be an initiative before the people which will wipe out the wine industry, too. And, probably in two years, certainly in four, that 'bone dry' measure will pass. There is only one escape. Include them both, and do it now.

"Whiskey and saloons. Stop them both; not one of them."

**WINTER BRINGS COLDS TO CHILDREN**  
A child rarely goes through the winter without catching a cold, and every mother should have a reliable remedy handy. Fever, sore throat, tight chest and coughs are, sure symptoms. A dose of Dr. Bell's Pine Tar Honey will loosen the phlegm, relieve the congested lungs and stop the cough. Its antiseptic pine balsams heal and soothe the throat, whooping cough and chronic bronchitis. Dr. Bell's Pine Tar Honey. At all Druggists, 25c.

**FORD AUTOMOBILE TAKEN IN DAYTIME HERE THIS MORNING**

The boldest automobile theft that has taken place here in weeks occurred this morning between 8:30 o'clock and 11:30 o'clock when a Ford machine belonging to F. F. Stockbrand was stolen from Spurgeon street between Third and Fourth streets. The owner of the machine lives at 1509 Bush street. He left the machine at 8:30, and when he returned for it at 11:30 it was gone. The machine's license number is 238,556.

## BULLETINS

**EL PASO, Feb. 5.**—The movement of 10,000 militiamen was today halted by the War Department. The men were ordered to their former camps.

**WASHINGTON, Feb. 5.**—The House Military Committee, following a conference with Secretary of War Baker, today decided on the immediate protection of all arsenals by the installation of anti-aircraft guns. The committee will add a \$1,000,000 emergency fund to the army appropriation bill for this.

**LOS ANGELES, Feb. 5.**—A request for stationing two warships at Los Angeles harbor to guard neutrality was today telegraphed by Collector of Customs Elliott. Two destroyers have arrived from San Francisco.

**WASHINGTON, Feb. 5.**—President Wilson, declaring that a "national emergency" had arisen owing to insufficient ships, today issued a proclamation forbidding American shipowners from transferring their vessels to alien registry.

**WASHINGTON, Feb. 5.**—The State Department understands that there are from 2000 to 6000 Americans in Germany, but nothing official as to the extent of their number has been learned.

**ADAMSON LAW REDRAFT AUTHORIZED BY HOUSE**

**WASHINGTON, Feb. 5.**—The supreme court today took no action in the Adamson law, and the court recessed until March 5.

**WASHINGTON, Feb. 5.**—The house interstate commerce committee today authorized Adamson to redraft and introduce his bill and promised favorable action. Amendments to the bill will eliminate the strike prevention plan.

**'BILLY' WALL LOSES \$1600 IN SECURITIES**

W. D. Wall, of this city, lost \$1600 in negotiable securities in Los Angeles Saturday night. Wall left the securities in a suit case in his machine, standing at the corner of Fourth and Hill streets.  
A quantity of clothing and toilet articles were also in the suit case.

### THE WEATHER

Fair tonight and Tuesday. Northerly winds.

Feb. 3—Maximum 77, minimum 39.  
Feb. 4—Maximum 79, minimum 40.

### MARRIAGE LICENSES

**IN SANTA ANA, ON FEB. 3**  
Clayton W. Sanders, 22, and Elsie M. Gregg, 18, both of Whittier.  
John L. Berry, 66, San Francisco, and Alice M. Walters, 63, of Oakland.  
Frank S. Luquer, Jr., 27, and Gertrude E. Meeker, 28, both of Oakland.  
Guy H. Campbell, 22, Fullerton, and Eleanor Anita Egge, 22, Santa Ana.

## SMILES, SERMONS, SONGS

BY A. V. R. S.

CULTIVATE THE SENSE of BEAUTY in a CHILD and he WON'T STAND FOR ANYTHING ELSE AROUND HIM IN HIS OWN CITY. BUT YOU are LEADING HIM WRONG— NOT DOING YOUR HIGHEST DUTY—WHEN YOU LEAVE HIM IN IGNORANCE OF CIVIC BEAUTY. FOR THE boy WHO LOVES his own LAND. HIS OWN CITY. HIS OWN HOME, WILL MAKE the MAN WHO WILL BE able	TO LEAD other PEOPLE. THE HALF way INTEREST IN MATTERS AROUND US IS WHAT BRINGS DISASTER. WHEN WE really CARE TO do our SHARE THERE is HARMONY EVERYWHERE. IF WE are EVER TO HAVE "CITIES OF God MADE BY men AND WOMEN HERE ON earth" THEY MUST FIRST HAVE birth IN THE thought OF THE children. THE IDEALS must BE FORMED in the GROWING MIND OF the child. "AND A little CHILD SHALL LEAD THEM."
---	---

ALOHA OE.

## WITH MALICE TOWARD NONE

By Henry James

**Hope Yet**  
There has been complaint that in the matter of reclamation California has been overlooked.  
Don't worry. Billy Sunday is scheduled for this neck of the woods.

**Birth Control**  
Perhaps it will shock some readers to know that many quite respectable persons think that birth control ought not to be a tabooed subject nor a tabooed practice.  
They get their notions partly by looking about them and observing a swarm of people who never gained a thing by being born, and whose presence is a detriment.

**Modesty**  
There arises a holler over the immodesty of the female figure on the new twenty-five cent piece.  
The people guilty of the protest, excited by the aspect of that tiny yet majestic figure, ought to be ashamed of themselves. As they won't do this I volunteer to be ashamed of them.  
One of the hardships of living is in having to meet people with minds of that sort.

**Milk and Eggs**  
Maryland, Pennsylvania and Delaware formed a commission to ascertain the food value of milk. Now the commission reports that one quart of milk equals eight eggs.  
Apparently that commission got packed by milkmen.  
Chris Evans, at this writing is in a hospital to which he was taken from an Oregon poorhouse, which he had reached by a long journey that included a stay of many years in a California penitentiary.  
It seems but a short time ago that Chris was a bandit personally conducting a reign of terror along the Southern Pacific right-of-way, with occasional digressions to points remote. Poses chased him and shot portions of him away, and killed his partner. He was sent to prison for life, but a life sentence means something else.  
And while all this does seem, but a little while ago, the newspaper men who wrote about it then, or hit the trail in quest of Evans and Sontag, are dead or so scattered that it gives one of the survivors the blues when he tries to call the roll.

**Discontinued Stories**  
Every time a drunken driver kills anybody, and doesn't get what's coming to him on the spot, the reporter mentions that the driver "is held by the police." Right there the story stops. Circumstances demand that there should be a continuation, or a sequel.  
How long do the police hold him? Or do they hold him with such violence that he succumbs? Perhaps they chuck him into a dungeon deep and forget him. Anyhow, there must be some reason why the fellow never comes to trial.

**Sympathy With the Buck**  
For fifteen years Pennsylvania hunters have been trying to kill a certain old buck. This season one boasts of having wounded the animal.  
And the strange part of it is that the buck has never felt a murderous impulse or done a thing to any of them.  
school students with free text-books stands an excellent chance of being put into practice. However, opposition will be furnished in the Legislature by those who believe the state should publish free high school text-books, the same as elementary school books. The committee recommends that school districts purchase the books from eastern publishers, considering state publication impracticable.

**Beautiful Nerve**  
Salem, Ore., asks of Salem, Mass., that the latter take same other name.

## HOT FROM SACRAMENTO

**SACRAMENTO, Feb. 5.**—All school districts in the state will be compelled, after 1920, to furnish free text-books to high school students, if the present plan of the State Board of Education is favorably acted upon by the Legislature.  
The board today has endorsed the principle of Assemblyman W. W. Harris' bill, but an amendment is asked. The bill as it now stands, provides that school districts be compelled to furnish free books immediately after the bills, if passed, becomes effective. Members of the state board, with the exception of Mrs. Agnes Ray of Oakland, although approving the idea, did not believe the compulsory feature should apply so soon, leaving it optional with the districts until 1920.

Harris is a member of the legislative text-book committee. His bill is along the lines to be recommended to the Legislature by the committee. Recommended by the committee and endorsed by the State Board of Education, this method of supplying high

each day would be required in the elementary schools, and two hours a week in the high schools. Those in the high school cadet companies would be exempted from the physical training provided they put in the two hours in cadet work.  
The Ballard bill aims to make a Junior College course possible in every city of California. The Junior College is really the first two years of a state university course, and is a boon to high school graduates who are unable, because of financial or other reasons, to attend a university. Twenty cities now have such courses, supported by the school district funds, and more than 2000 students are enrolled. The outstanding feature of the Ballard bill is that state aid for the support of such colleges would be provided at the rate of \$15 per student, this aid making it possible for practically all cities to establish a Junior College course in connection with the high school.

## THE PENALTY OF OVERWORK

Many Santa Ana People Are Beginning to Feel the Strain  
—The heavy tax of overwork—the extra strain so necessary to many trades and occupations is hard on the kidneys. The kidneys begin to fail in their work and the poisonous matter collects in the system. If your work seems hard for you, if you have a lame, weak or aching back, if you seem tired and listless, if you notice sediment in the urine, unnatural color or irregular passages and seem to be running down without apparent cause, begin at once with Doan's Kidney Pills, the remedy that has proven so beneficial to your neighbors. It has brought strength to the backs of thousands of working men and women. Read Santa Ana proof:  
Jens Rasmussen, retired farmer, 212 Garfield street, Santa Ana, says: "Many years of hard work weakened my kidneys and caused kidney complaint. Often when I stooped over to lift, a sharp pain struck me in the small of my back and I could hardly move. The action of my kidneys was too frequent and the kidney secretions highly colored. I suffered from pains in the back of my head also. Two boxes of Doan's Kidney Pills cured the backache and regulated the action of my kidneys."  
Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rasmussen had. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertise-ment.

## AMUSEMENTS

**Clunes Theater**  
Douglas Fairbanks makes his latest appearance as a Triangle star in the five-reel drama, "The Americano," dramatized from the novel, "Blaze Derringer," by Eugene P. Lyle, Jr.

The play, which will be seen at Clunes Theater tonight, has to do with the adventures in a South American Republic of a young American named Blaze Derringer, who goes to Paragonia to represent American mining interests. He finds the country in a state of revolution, with its president and prime minister, who have been friendly to his company, overthrown and in peril of their lives. Before his departure from New York Blaze has fallen violently in love with the beautiful daughter of the president, and he finds her in dire peril of being married by force to an officer of the revolutionist army. Of course the quelling of a revolution and the restoration of order is a trifling task to a young man of Mr. Fairbanks' intense nature, and the close of the picture sees the villains properly foiled and the girl rescued in order that she may wed the athletic hero. "The Americano" is said to furnish five reels of the most strenuous activity that Fairbanks has yet displayed and also to be one of the best pictures, from a dramatic standpoint, in which he has appeared. He is supported by Alma Rueben as the senorita, and other Triangle favorites having prominent roles in the cast are Spottiswoode Aitken, Carl Stockdale and Tom Wilson.

## SOCIETY

## SUNDAY WEDDING

Miss Eleanor Egge Becomes  
Bride of G. H. Campbell  
At Quiet Wedding

Miss Eleanor Anita Egge, daughter of Mr. and Mrs. Herman Egge of South Broadway, yesterday afternoon at 2 o'clock became the bride of G. H. Campbell, who is engaged in business in this city.

Only relatives and close friends were invited. The home was artistically decorated in yellow acacia blooms and plumosus ferns, arranged in brown baskets.

Rev. H. H. Hocker, pastor of the M. E. Church at Fullerton, of which church the groom was an active member, officiated at the wedding.

The winsome bride was attired in royal blue taffeta and carried a cluster of white roses and white sweet peas mingled with maiden hair fern, which was later captured by Miss Lela Heil.

Following the congratulations, ice cream and cake were served.

Mr. and Mrs. Campbell departed in their automobile to an unknown destination. They will be absent a few days, after which they will be at home to their friends at 415 South Broadway.

The bride is a graduate of Santa Ana high school of the 1914 class and for the past two years has been stenographer for S. M. Davis. Through her congenial ways she has made hosts of friends.

The groom is a son of Mr. and Mrs. W. L. Campbell of Fullerton. He is a graduate of Fullerton high school, class of 1915.

Campbell will extend their hearty good wishes for a prosperous future.

**Thankoffering Meeting**  
The missionary society of the United Brethren Church will meet tomorrow at 2 p. m. at the home of Mrs. George Hall, 1428 West Third street. The thankoffering boxes will be opened at this time.

## EDMUND VANCE COOK

Famous Poet Will Visit Santa  
Ana On Tuesday Evening,  
Next Week

The visit of the famous poet, philosopher and lecturer, Edmund Vance Cook, to Santa Ana on Tuesday of next week will be not only a rare treat but a most important event. Since the death of Riley the title of "the great American poet" can justly be claimed by the author of "How Did You Die?" "The Moo Cow Moo" and hundreds of well known poems. He is the author of a dozen books. Besides being a composer he is a lecturer with twenty years of platform experience. He is a man who can talk to men, a man who has written for men, and a man who influences men profoundly. He is able to be himself a child, or a German philosopher, or an English dandy with perfect ease as occasion requires.

The man who writes a ponderous book stuffed with facts is not the greatest author, neither is he the most worth-while author. Not long ago one of England's most famous men of letters said, "I would rather be the author of 'Alice of Wonderland' than of the entire Encyclopedia Britannica." Any dullard may set down a fact that a dunce may learn and confound the world. Only a genius can create an impulse upon which a child can base a lifetime of service. And that is what Edmund Vance Cook does.

In the morning Mr. Cook will address the high school students; in the afternoon he will give a "Children's Hour" for the grammar school pupils, and in the evening a public lecture-entertainment at the Intermediate school building. Tickets for the lecture will be on sale at Sam Stein's store and may be obtained from students. Twenty-five cents will be the only charge for an evening of humor and inspiration.

**At Creston, Ia.**  
The Creston, Ia., Plain Dealer, of January 31, has the following:

"Mr. and Mrs. L. H. Farquhar, newlyweds, who have but recently arrived from Santa Ana, California, were in Creston Monday night, and went to Orient where they will be the guests of relatives and friends for a time. The groom is a brother of Cashier Ralph Farquhar, of the Orient Savings Bank, and they will probably remain in this vicinity for some time."

## Coughing Tires the Old

Hard winter coughs are very tiring to elderly people. They mean loss of sleep, and they deplete the strength, lower vitality, weaken and wear out the system.

**Foley's Honey and Tar**  
stops coughs quickly. It is a standard family medicine that contains no opiates, and is noted for its quick effect on coughs, colds, croup, bronchial and the grippe coughs, and the chronic coughs of elderly people.

J. B. Williams, Treason, Ga., over 72 years old says: "I have used Foley's Honey and Tar for years with the best and surest results."

## BIRTHDAY DINNER

Eighteenth Anniversary Hap-  
pily Celebrated Saturday  
By Miss Mildred Murphy

Miss Mildred Murphy celebrated her eighteenth birthday Saturday evening with a very charming dinner and theater party. Mrs. E. L. Madden, mother of the hostess, served a most appetizing dinner. Covers were laid for eight, the table being very artistic in red and white. Red carnations adorned the center of the table, the nut cups being of the same tint. The Fantasia place-cards were the handiwork of the hostess.

The birthday cake was an attractive mound of white, beset with eighteen red candles planted in red roses.

Later, the guests were taken to the Temple Theater, where a loge party was greatly enjoyed.

The guests included Miss Pardy King of Los Angeles; Misses Florence and Luella Neff, Atlanta Merigold, Susan Calvin, Ethel Rheinhardt of Texas and Miss Virginia Day.

**Trip to Historic Place**  
Edd Armstrong took his father and mother, Mr. and Mrs. Robert Armstrong, Mr. and Mrs. S. McNeely of Long Beach, and Mrs. Van Winkle and Mrs. Rhue of York, Neb., on a trip to the historic old Camulos ranch yesterday.

The party ate lunch under the magnificent old orange trees, among which Helen Hunt Jackson received many of her inspirations for her "Ramona." A number of pretty kodak pictures were taken and the drive and the beautiful day made the trip a delightful one.

**Good P-T. Meeting Planned**  
There will be a meeting of Spurgeon Parent-Teacher Association on Tuesday afternoon at 2:30 o'clock. This meeting will be of special interest to the parents of children in the First and Second grades.

Miss Wagner will explain the present method of reading and phonics, giving her classes to demonstrate the work.

Plans will be made for an entertainment to be held this month and a social hour will follow.

**Entertain Orange Veterans**  
The Veteran Rebekah Association held an all-day meeting on Friday last, when the guests of honor were the veterans from Orange. About fifty-five were present, including a number of gentlemen, to enjoy the delightful day.

A Valentine dinner was served at noon in four delicious courses, with red and green for the decorative scheme. The plate favors also suggested the Valentine idea.

The committee in charge was composed of Meses. Curtis, Liebig, and Clark, with several able assistants.

**Plan Colonial Tea**  
The Daughters of the American Revolution met in business session on Saturday afternoon with Mrs. A. W. Rutan and among other things made arrangements for a Colonial tea on February 17, in commemoration of Washington's birthday.

Mrs. A. J. Crookshank, the Regent, who was to have attended the state convention of the D. A. R. at San Francisco will be unable to attend and appointed Mrs. J. N. Bartholomew to attend in her place. She will leave Wednesday evening.

Mrs. Rutan served light refreshments at the close of the meeting.

**Belle Rogers W. C. T. U.**  
The regular meeting of the Belle Rogers W. C. T. U. will be held tomorrow at 2:30 in the Armory parlors on Birch street.

Mrs. W. B. Tedford will speak on an important subject, "Our Job." This will be an outlining of future work and every member is urgently invited to be present, as a good program is assured.

**Sunshine Society Plans Sale**  
The regular business meeting of the Sunshine Society was held last Friday afternoon at the home of Mrs. H. O. Eggen on Spurgeon street.

The attendance was unusually good and plans were made for a cooked food sale to be held next Saturday, the location to be announced later.

The next meeting will be held March 2, with Mrs. Fannie Bailey, 1014 North Parton street.

**Dancing Class Postponed**  
The dancing class at Spurgeon school is postponed from Tuesday to Thursday.

## SEVENTH BIRTHDAY

## Twenty-five Merry, Well-Behaved Young Folks Celebrate With Mabel Robertson

Miss Mabel Robertson, daughter of Dr. and Mrs. H. M. Robertson, celebrated her seventh birthday anniversary with twenty-five of her young friends on Saturday afternoon at her North Main street home.

The affair was in the nature of a Valentine party and Cupid's messages decorated the rooms and each guest received a dainty missive in the post-office. Pinning a tail on a donkey, hunting candy hearts, musical chairs and other merry games, which children enjoy, made the hours speed swiftly away.

Miss Mabel received many pretty presents, which she greatly appreciated and the day will long remain a pleasant memory, both for her and her guests.

Refreshments of ice cream, cake and candy were served, on tables gay with hearts and flowers. A feature was a lovely birthday cake with seven twinkling candles, without which a birthday feast would not be complete.

The guest list included: Eleanor and Elizabeth Harrington, Eunice Wood, Enid, Gerald and Eric Twist, Forbes Freeman, Winton Hoyle, Rodney Durham, Evelyn and Eleanor Metzgar, Louise and Benton Van Bean, Alice Olive, Frances and Alfred Forney, Eleanor Crookshank, Wilma Hoy, Josephine Roy, Doris Goff, Frederick Schrock, Margaret Mercereau, John Thompson, Melvin Witt.

**Day Nursery Benefit**  
The Tustin Household Economics section of the Ebbl will give an entertainment for the benefit of the Day Nursery at the home of Mrs. E. M. Nealley on Friday afternoon of this week.

In addition to a fine musical program, there will be a demonstration by a representative of the Royal Paking Powder Company and light refreshments will be served.

All members of the Ebbl and all friends of the Day Nursery are invited to attend and are asked to take a small admittance fee of 15 cents.

It is hoped that so many will attend that it will be necessary to give the program twice during the afternoon at 2 and 4 o'clock. More information will be published later together with the program.

**Valentine Luncheon**  
The Household Economic class, No. 2, will meet with Mrs. E. B. Burns, Wednesday, February 7, at 916 Spurgeon street. A 1 o'clock Valentine luncheon will be served.

**Roosevelt P. T. Meeting**  
The Parent Teacher Association of Roosevelt school will meet tomorrow promptly at 3 p. m. Mrs. Stanley of Tustin, the fourth district parliamentarian, will give a talk on "Parliamentary Usage."

## OVERWORKED MINISTER

Tells How Vinol Restored Strength and Vitality

—Santa Ana people will realize that we could not publish such letters as the following if they were not genuine and truthful statements of facts. The Rev. Mr. Hughes, Holly Springs, Ark., says:

"I am a Methodist minister, and suffered from broken-down nerves, loss of appetite and sleeplessness. I was weak, my circulation was very poor, and I was not able to do my duty in my parish as I felt I should. I had tried various remedies but did not seem to get any better. Through Mr. Gatlin of Bearden, Ark., I learned of Vinol, and it built me up. I regained my appetite, can sleep better and do more work."

There is no secret about Vinol. It derives its power to build up overworked, broken-down, nervous system from beef and cod liver peptones, iron and manganese peptones, and glycerophosphates, etc. which it contains.

Anyone in Santa Ana who wishes to try Vinol can do so with the understanding that we will return their money if they are not satisfied. Rowley Drug Co., Santa Ana; also at the leading drug store in all California towns.—Advertisement.

WALL PAPER CATCHES  
AFIRE FROM A STOVE

Friday evening wall paper at the home of Mr. and Mrs. Robert Cogburn, 202 South Main street, caught fire, and but for the quick action of Mr. and Mrs. Cogburn in throwing water on the flames the house might have burned down. A newspaper had been placed on the wall near a heater to protect the wall from the heat. The newspaper blew out and caught fire, and in a few seconds the fire was to the ceiling. The damage was slight.

M'FADDEN HOME BEEN  
ENTERED THREE TIMES

The home of Mr. and Mrs. Robt. McFadden, 1108 North Main street, has been entered at night a number of times recently, according to a report made to the city police department by Arthur McFadden. The McFaddens are away from home. So far as can be determined at this time, nothing is missing from the residence.

## MRS. BETHUNE DEAD

Mrs. J. D. Bethune, wife of the late Judge Bethune, who died in Los Angeles, was a former well-known resident of this city, where many of the pioneer residents knew the family.

NOTICE OF STOCKHOLDERS'  
MEETING

—The annual meeting of the stockholders of the Santa Ana Steam Laundry Co. will be held Feb. 6, 1917, at 2 p. m., at Chamber of Commerce rooms in City Hall, for the purpose of electing Board of Directors for the ensuing year and attend to any other business that may come before the meeting.

C. W. BURNS, Sec'y.

M. W. A. Attention: Class adoption and banquet Tuesday evening at M. W. A. Hall. Work put on by boosters staff. C. L. Tibbets, Clerk.

IN A FLASH, ROBERT  
COGBURN LOSES THE  
SIGHT OF ONE EYE

As one might sniff out a candle, just that quick did Robert Cogburn, for several years paving inspector for street work done in Santa Ana and Anaheim, lose the sight of one eye. Cogburn is getting quite well along in years. He retired from active service as paving inspector about three years ago. Without the slightest warning, the sight of one eye went out.

CARS COLLIDE ON SO.  
MAIN STREET SATURDAY

A car driven by L. M. Caldwell of 1316 French street and a Crown jitney driven by Victor Nener collided on South Main street Saturday afternoon. Neither car suffered damage to any great extent.

## Personals

Tom Robertson and George Osterman are spending this week at El Toro and in Trabuco canyon. They will return next Friday.

Mr. and Mrs. E. R. Roehm and son, Cornish Roehm, with his friends, Warren Fletcher and Robert Hill, spent Yesterday at Redondo Beach.

Dr. and Mrs. H. J. Stevens, Paul Stevens and Lorry Roehm were visitors yesterday at Long Beach.

Mr. and Mrs. F. W. Fuller, their daughter, Miss Gertrude, and a number of her friends from Huntington Hall, spent a delightful day yesterday at Camp Baldy.

Mr. and Mrs. Jas. S. Smart are enjoying a visit from their two stalwart sons, Jas. S. Smart, Jr. and Hoyt M. Smart. The former is manager of the Michigan Drug Co., of Detroit, Mich., and the latter is manager of the Bay City Wholesale Grocery Co., of Bay City, Mich. The young men were called to Santa Ana by telegram several days ago, on account of the serious illness of their mother; and the family is now made doubly happy by the recovery of Mrs. Smart and the presence of the sons.

Miss Daisy Roberts of Los Angeles spent the weekend with her cousin, Miss Margaret Bowen.

C. J. Overshiner, the real estate man, of Orange, has ordered his Register sent, until further notice, to Independence, Inyo county.

Miss Nina Scott of Upland is the guest for a few days of Mrs. Roy Criddle.

Miss Virgil Potte entered the Cumnook School of Oratory today.

# PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Feb. 5.—The Parent-Teacher Association held its regular meeting Friday afternoon in the kindergarten room of the Center Street school, with quite a number of the members present.

In the absence of the president, Mrs. F. L. Hallman, Mrs. Hayward acted as chairman.

At the close of the business session an exceptionally good program was given by the pupils of the third grade under the direction of Miss Prince.

Helen Parsons gave a piano solo, which was appreciated.

After the program by the pupils the association listened with interest to a lecture given by Mrs. Tedford of Santa Ana, who is a member of the juvenile board for Orange county. This is a subject which lies nearest her heart. She spoke of the various methods used in handling the cases that come before the court.

The next speaker on the program was Mrs. Anderson, also from Santa Ana, who was equally as interested in her subject as was Mrs. Tedford. She carefully explained the laws of inter-

## A New Remedy for Kidney, Bladder & all Uric-Acid Troubles

Dr. Weir Mitchell once said: "What we call diseases are only symptoms of conditions. Allow the man's vitality to be reduced to a certain point, and he is ripe for any of these weaknesses, or certain conditions which we call disease."

Three failures of kidneys to act, turn congestion, inflammation, any person's condition is ripe for disease to fasten its hold upon the system.

At Dr. Pierce's Invalids' Hotel and Surgical Institute, Buffalo, N. Y., there has been tested for the past few years a new remedy for kidney, bladder, uric acid troubles, rheumatism, gout, and such ailments as follow, and so many cases both acute and stubborn have yielded to this wonderful remedy that Doctor Pierce decided to name it "An-Uric," and arrange for its distribution to the public through medicine dealers everywhere.

If backache, scalding urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, if you suspect that you have kidney or bladder trouble, write Doctor Pierce, at Invalids' Hotel, Buffalo, N. Y., send a sample of urine, and describe symptoms. A physician and chemist will examine it without charge and you will be under no obligation whatever. These "An-Uric" Tablets cannot fail to help you, because their action flushes the kidneys of impurities and puts strength into them.

Obtain a 50-cent box of these tablets to-day from your druggist here in town. From personal observation in large hospital practice, Doctor Pierce knows these tablets will give you speedy help if you are suffering from uric acid trouble, and to show his sincere faith this prescription is sold under a positive guarantee to any person who has taken a full box and has not been helped.

est to women and children that will come up before the legislature at this session. Mrs. Anderson explained minutely the three laws which the woman's legislative council have endorsed, namely, the community property law, the mothers' pension law and a law providing for an appropriation for a home to care for the feeble-minded.

An affair given Friday evening at the home of M. V. Allen on North Tustin street where friends gathered to celebrate Mrs. Allen's ninety-sixth birthday was one long to be remembered for its social enjoyment.

The first thing on the program was a "big feed." Mrs. Allen was the chief cook and A. W. Leichfuss the dish washer.

After the dishes were cleared away the remainder of the evening was spent with playing cards, the champions being J. F. Allen and Mrs. Leichfuss.

Those present were Vern Barger and family of Hemet, Al Leichfuss and family, Clarence McCollum, J. F. Allen and family, M. V. Allen and family.

The North End Social Club met with Mrs. J. S. Newton of North Grand street Friday afternoon, the new meeting date. A delightful session was enjoyed by the members, all but two of whom were present. There was one visitor, Mrs. W. H. Peterkin.

The next meeting will be held Friday, February 16, at the home of Mrs. G. E. Osmun, 593 North Glassell street.

Miss Nellie Ainsworth was complimented with a pretty shower Friday afternoon given by Mrs. George S. Harper of River avenue. It was a brilliant affair marked by many charming features.

The hostess was assisted in receiving by Mrs. A. R. Smith. Handsome decorations of yellow blossoms and red hearts were employed in adorning the rooms. A feature of the afternoon came with the presentation of gifts which were drawn on a tea wagon by little Virginia Harper, arrayed as a Kewpie.

Those present were: Mrs. M. O. Ainsworth, Miss Nellie Ainsworth, Mrs. B. J. Fletcher, Mrs. Carl Schmidt, Mrs. Walter Kogler, Mrs. Ina Butler, Mrs. F. L. Ainsworth, Miss Marjorie Ainsworth, Mrs. Jesse L. Ainsworth, Mrs. Arch Burkett, Mrs. U. D. Rhodes, Mrs. A. R. Smith, Mrs. J. A. Campbell, Mrs. Claude Morey, Mrs. J. F. Cræner, Mrs. Clyde Newton, Mrs. Byron Stanley, Mrs. Paul Clark, Mrs. Carl Stanley, Miss Goldie Nordeen, Miss Martha Cradick, Mrs. Johnson and Mrs. George Chambers of Anaheim; Mrs. M. Rowland and Mrs. George S. Harper.

The Christmas Club was delightful ly entertained at the home of Mrs. A. B. Tiffany Friday afternoon. The ladies busied themselves with fancy work and "chatter," Friday being the 2nd of February, which is known as "ground-hog" day, the hostess had games appropriate to the occasion. Refreshments were served, consisting of sandwiches, cake, candied walnuts and tea.

The Herbert Walker family of El Modena, who are traveling in the East and having some new experiences with snow, have left Ohio and will tour New York and Washington and then return home by way of New Orleans.

A baby girl was born Friday morning to Mr. and Mrs. Harry Cole of North Orange street.

Dr. J. M. Murphy left Thursday evening for a business trip of several days to Wasco, Kern county.

## CHURCHES THEATERS

## CIVICS

## SCHOOLS CLUBS

Edited by MRS. GEO. T. SCOVE. Phone, Sunset 1152-J.

**D** ID you see the twenty-mule team when it was in Santa Ana? Well, it is a definite, practical illustration of what can be done by having united strength pulling together. The driver has one line—a 120-foot line that guides the team. If he had a line for each separate mule there would be nothing but confusion.

So it is with trying to accomplish results in a city, with about twenty or thirty different organizations working separately. The most of them—in fact all of them—have as a basis of their efforts the same object—the betterment of all about them.

Newspapers are the mediums through which co-operation and united effort may be effected. "In union there is strength" is a very old truism, and yet there is none more in need of being put into actual practice.

The object of this department of the Register is to be of use to the different organizations of Orange county in bringing the different towns and cities into more united efforts. The objective aim of all is very nearly the same—the higher good, the beautifying, the upbuilding of Orange county.

And we will use a golden cord—the color of the orange—to tie the organizations into an unbreakable bundle—the golden cord of good will, kindness and mutual helpfulness. Build up your Home Newspapers and Stores. "Lend a hand" to them all.

### AN ASSEMBLY HALL IS GREATLY NEEDED

Assembly hall, an auditorium or an arena, large enough to hold the audiences that Orange county can produce should be built in Santa Ana.

Every time there is a lecture you hear it said, "Oh, it isn't any use to go unless you go very early, for you can't get in."

An attractive, commodious auditorium makes it possible to secure the finest talent in music, lectures, etc., for the crowd is large enough to justify the expense of high class artists. Large gatherings could be held, where all the high schools of the county could combine in choruses and contests of various sorts.

Santa Ana high school held its assembly at Clume's Theater Friday morning. The installation of new officers took place and the ceremonies were unimpairedly solemn.

The class song, given to the air of the Hawaiian song "Aloha Oe," opened the meeting.

The student body is one of which any city or school may justly be proud, for it embraces a lot of undeveloped talent and energy that can accomplish almost anything, and only needs to be guided into high ideals.

### GARDEN GROVE

The first glimpse we had of Garden Grove school, through the blue gum trees, made a very pleasing picture. When we reached the school it was noontime and the lawn presented a very bright appearance; for groups of children were scattered all about, eating their lunches. The school is in charge of Prof. F. R. Fitz, who is entirely in sympathy with all progressive movements. Manual Training and Domestic Science are taught in addition to the regular work. The grades are from first to eighth. There is an enrollment of about 250 pupils.

The Business Men's club of Garden Grove seeks the improvement of highways, sidewalks and whatever will build up and better the entire town. Incorporation is talked of. Mr. James G. Dunn, a representative member of the club, expressed his belief that much could be accomplished by co-operation. He is in favor of whatever plans will bring about practical civic improvements.

Mrs. James G. Dunn, who is a member of the Santa Ana Civic association, expressed her wish to bring about the planting of roses and flowers along streets and highways. Interesting school children in gardens of their own and the distribution of vegetable seeds among them. When you awaken a child's interest in such matters you secure a valuable aid in carrying out definite plans, for children take up these matters in real earnest.

### SMILES

The new minister was asked to dine at the home of one of his parishioners, and, of course, responded to the request to say grace. In the little pause which succeeded the "amen," the small daughter of the family exclaimed, naively: "Well, my papa don't know that piece."

"Who can make a sentence and use the word 'income' correctly?" asked the teacher of the second grade. "You may tell us, Johnny," indicating a little boy whose hand was waving violently.

"In come a rat," was the triumphant response.

Harold, aged six, was taken by his father to see his first football game, and was very much impressed. The feature that caught his greatest approval, however, did not become evident until he said his prayers that night.

As he knelt at his mother's knee, to the terror of his parents, Harold prayed, with true football vim: "God bless father, God bless mother, God bless Harold! Boom! Rah! Rah!"

### VALENTINE DAY

Valentines hold the place of prominence in the book stores these days. Valentines are useful in keeping pleasant memories alive. It is a nice custom to let the children in the schools have a post office of their own on Valentine's Day. Valentines still carry the legend to childhood that:

"The rose is red,  
The violet blue,  
Sugar is sweet,  
And so are you."

The little childish sentiment never grows old, and the "same old story" is always new.

—To Pomona, San Bernardino and Riverside take Crown Stages 7:00 a. m., 10:00 a. m. and 3:00 p. m.

### CALIFORNIA

Is where the sunshine ever lingers,  
Where Palms their branches spread,  
Where the Pepper Tree and Poppy  
Blend the golden with the red.

'Tis the Eden of your dreamland,  
Flowered Mecca by the sea,  
Where the soul in rapture wanders  
With the gifts of Deity."

### OUTDOOR PHILOSOPHY

"Whoever enters a home shall be aware of certain divine quality in the atmosphere, something superior to the common air of houses, and he shall rest and time be forgotten. He has there a taste of heaven which is but another name for home."

"It is the misfortune of the average man that his labour deprives him of the capacity for dreaming; leaves him no time for reflection, no inclination to earn, not bread, but the bread of life, to lay up treasure that corrupteth not."

"The great dreamer becomes the master builder."

"Roses, like well-born and beautiful women, give the impression of something inherently fine and noble, designed by nature to reflect grace and beauty upon the less favoured."

"Old-fashioned flowers are the very embodiment of sweet and simple virtues."

"In the vegetable garden we seem to enter into a partnership with Nature, wherein if we plough and plant and cultivate, she provides the table with food and the mind with the joyous satisfaction which the sight of growing things affords."

"The fact for organization has reached the pass that one cannot turn around without joining a society for promoting the interest of those who desire to turn around and for inducing its members to revolve in the same manner."

"Organization, its friends say, will conquer the world."

"We see only that which we are ready to see."

"Each morning invites to a new earth, fresh and fair as in the beginning."

### ORANGE

The cultured and broad-minded atmosphere of the Woman's club of Orange can be well understood when we read the "Collect for Club Women" which underlies its endeavors. I. is as follows:

"Keep us, O God, from pettiness. Let us be large in thought, in word, in deed. Let us be done with fault-finding and leave off self-seeking. May we put away all pretense and selfishness and without prejudice. May we be never heavy in judgment and always generous. Let us take time for all things. Make us grow calm, serene, gentle. Teach us to put into action our better impulse, straightforward and unafraid. Grant that we may realize that it is the little things that create differences; that in the big things of life we are one; and may we strive to touch and to know the great woman-heart of us all. And, O Lord, let us not forget to be kind."

—Mary Stuart.

Mrs. D. C. Pixley, president of the club, presided at the regular meeting January 29, at which time Mrs. D. C. McCann, superintendent of Woman's and Girls' Division, U. S. Employment Bureau, gave an address.

One of the most significant statements which she made was, "There will be no such thing as charity when all have employment." This the government is seeking to bring about. By the study of industrial conditions throughout the U. S. it is hoped that all may be kept employed.

Hostesses for the meeting were Mrs. B. J. Fletcher, Mrs. S. M. Cradick, Mrs. A. H. Domann, Mrs. W. B. Dennis, Mrs. Alfred Leech, Mrs. W. P. Bowen.

On the 5th of February, the club's birthday will be celebrated at the club rooms from 2 to 5 o'clock, and all friends are invited to attend, bringing a birthday gift of 15 cents.

The Parent-Teacher Association of Orange gave a very profitable program on Friday afternoon last.

Program by Third grade.  
Piano solos by Helen Parsons.  
Addresses by Mrs. J. N. Anderson of Santa Ana on "Laws Concerning Women and Children," and by Mrs. Tedford of Santa Ana, on "Juvenile Court Work."

### THE MORAL SIDE OF THE MOVIES

The Church-Theater question which has been mentioned in these columns is one that really affects society in general.

The moving picture shows could be made, and to some extent are wonderfully good educators; and for myself, I have never seen one yet in which the Good did not win out. The portrayal of the undesirable is a sort of necessary evil—necessary to bring out the ultimate victory of the worthy, and furnish the contrast. And in many an instance in actual life it is ignorance of the danger in seemingly good associations that leads to wrong doing and disaster in young lives.

The pictures show life as it really is; and life as it is must be learned sometime, as well soon as late.

And the moving pictures reach people who would never enter the door of a church. Suppose we take the story of the Prodigal Son, as an example. A minister preaches a sermon to a small congregation—an eloquent sermon,—yet it is probable that his entire congregation is made up of people who are already members of his (or some other) church. They will never be prodigals in any sense of the word. Either they will never wander to a far country; or else, spiritually, they have already wandered too far ever to get back. A moving picture shows in actual living the experiences of the prodigal—to the point where he is a typical "down-and-out" man, and in despair, turns back to his father's house. Thousands of people see this picture, in some form or other, and most of them are NOT church people; and the feeling that prevails, or the influence it has, is to make one feel—"Well, it is better to stay with father after all. Husbands are not much to get out of life."

How much prohibition is indebted to the moving pictures for the almost national success which has come to it, would be difficult to conjecture, for in no other form has the evil of intoxication been shown in all its depravity and utterly debasing effect. Men—and women—have been shown just how they look and act when under the influence of intoxicants, and they are very far from being attractive pictures.

In large cities, during Lent, organ recitals are given at the hour of noon, for business men. The words of hymns are thrown on screens and sung by strong, manly men, and this touch of beauty and goodness is brought into their busy and sometimes sordid business life, by means of the moving picture theaters, because they are within easy reach of the business life.

And many of the times and nickels that used to go into saloons now bring pleasant and beneficial hours of enjoyment to thousands of men at picture shows.

### HUNTINGTON BEACH

Central school of Huntington Beach is a model of the most up-to-date equipment in school buildings. Prof. Harold H. Campbell, supervising principal, is a progressive educator—in sympathy with all efforts to upbuild and broaden school work. Manual Training, Domestic Science and Music are well taught, in addition to regular studies. An orchestra is under training, in charge of Miss Davenport. The teachers are Gladys Grabill, Caroline Thompson, Bertha Pann, Gertrude Flood, Anna Davis, Anna O'Keefe, Ida Bloemers, Georgia Stebbins, Lola B. Clark, Edna Nichols, Thelma Price, Lucile Davenport, Hortense Reith and Bessie Day.

Franklyn E. Skinner, principal of Central building, is an earnest advocate of athletics, manual training, etc. There is an excellent atmosphere pervading the entire school.

Unusually good work is done in the kindergarten and first grades.

The Woman's club of Huntington Beach, of which Mrs. C. A. Johnson is president, will hold its next regular meeting February 8. In interviews with Mrs. F. L. Blodgett and Mrs. C. R. Nutt, the objects of the club were given: "Social, literary, household economics and civic improvement."

These subjects are under the direction of different committees. The club's program is usually given by members of the club, it being thought best to bring out and use home talent. The members of the club are broad-minded, well-read women, alive to all that will tend to the expansion and upbuilding of Huntington Beach. With its home town so admirably situated, the great Pacific rolling its tireless waves upon the shore, the club has an unusually fine opportunity to develop artistic and beautiful effects along civic lines. And they can do it.

CONSTIPATION MAKES YOU DULL. That drizzly, listless, oppressed feeling generally results from constipation. The intestines are clogged and the blood becomes poisoned. Relieve this condition at once with Dr. King's New Life Pills; this gentle, non-gripping laxative is quickly effective. A dose at bedtime will make you feel brighter in the morning. Get a bottle today at your Druggists, 25c.

## The Value of a Bank Account

can best be realized when an exceptionally good investment presents itself. The man or the woman who has the ready funds at such a time takes advantage of the opportunity and thereby adds to their holdings. The cause of success or failure in a financial way can usually be traced to the Bank account or lack of one. Make the start now.

**IN TUMBLE FROM A  
STAGE TO EL TORO  
MAN BADLY INJURED**

Elias Torres May Have Fractured Skull As Result of Accident On Road

Elias Torres is seriously injured as the result of a fall from an El Toro stage near Culver's corner last night about 12:30 o'clock.

**SEEMS EVERYONE  
HEARD ABOUT IT**

All Want to Try New Drug That Dries Up Corns So They Lift Out

—Good news spreads rapidly and druggists here are kept busy dispensing Freezone, the recent discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers.

A quarter of an ounce costs very little at any pharmacy, but is said to be sufficient to rid one's feet of every hard or soft corn or callous.

You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue.

This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.—Advertisement.

in the stage. He insisted on standing up in the stage. Suddenly he fell, and in the fall his head struck the pavement.

Word of the accident was received at the County Hospital in a telephone message from James Irvine, Jr. Torres was taken to the hospital in the county ambulance. The indications are that the man's skull is fractured. At times he is almost unconscious. At other times he is rational. There was no indication that Torres had been drinking.

**CROWN STAGE TO TAP  
FOOTHILL POINTS BY  
THREE-A-DAY SERVICE**

In response to insistent suggestions from residents of Tustin, McPherson, El Modena, Villa Park and other points, the Crown Stage line Thursday will inaugurate a three-run daily schedule out of Santa Ana, covering the territory mentioned and also Olive and Anaheim. The first stage will leave for Tustin at 6:30 a. m. and the second and third at 11 a. m. and 3:30 p. m., respectively. From Tustin the stages will proceed north on Prospect avenue to McPherson and so on around, in the order given. Stages on the line will leave Anaheim for Santa Ana at 8 p. m., 1 p. m. and 6 p. m.

**STIFF, SORE MUSCLES RELIEVED**  
Cramped muscles or soreness following a cold or case of grippe are eased and relieved by an application of Sloan's Liniment. **LOS ANGELES MAN  
TREATED AT  
HOSPITAL  
HERE**

R. R. Davis Received Slight Injuries When Car Turned Over On Seal Beach Road

R. R. Davis of Los Angeles was treated at the Santa Ana Hospital last night for slight injuries received when his car went into the ditch this side of Seal Beach about 8 o'clock last night. Jack Dunkin of Tustin was in the car with him but was not very badly hurt.

The gentlemen were returning from Seal Beach and Davis lost control of his machine when it struck another car going in the opposite direction. The other car was not damaged.

Mrs. Charles Kelley, this city, driving home, arrived at the point shortly after the accident and brought the injured man to Santa Ana.

**AT THE COURTHOUSE  
DUTTON TRIAL  
STARTS TODAY**

Well Known Anaheim Man Says He Would Care For Children If He Had Custody

Today the trial of Earl Dutton of Anaheim, charged with non-support of his children, was begun before Judge West and a jury in the superior court. District Attorney West is prosecuting, and Attorney Roger C. Dutton is defending.

When court opened this morning, Attorney Dutton presented an affidavit from the defendant stating that the complaining witness, Mildred Dutton, had brought suit for divorce against Earl Dutton, but had not made an attempt to bring the case to issue; that the defendant believes that it is the hope of his wife that he be con-

victed of non-support, a felony, that she may have his conviction as an additional ground for divorce complaint; that the defendant has offered to take the children and make a home for them if the mother would give them to him, but she has refused.

Among the children involved in the case is a baby born but a few weeks ago. Dutton is well known at Anaheim.

On the jury are C. H. Getty, R. E. Beswick, George Walton, Jesse Williams, R. E. Larter, A. Schildmeyer, R. L. Frecht, G. A. Shoemaker, W. H. McCord, J. J. Hayes, M. I. McCarty and T. J. Lacy.

**Land is Involved**  
A contest in what appeared to be an ordinary quiet title suit was sighted today when an answer was filed by Mrs. Carrie Hoffman in the action in which Hugh J. McGee is plaintiff. Ten acres are involved. Mrs. Hoffman sets forth that in Long Beach in 1909 she married J. W. Hoffman, who she says was also known as W. S. Jones. Later, they bought ten acres from J. C. Shrode. In June, 1911, Mrs. Hoffman filed a declaration of homestead on the property. On March 15, 1915, a divorce decree to her gave her the property. The plaintiff, McGee, has taken possession of the property away from her. The court is asked to render judgment showing that Mrs. Hoffman has title to the land.

The sight of Theodore Lacy, Sr., at the court house looks like old times. He served this county as its sheriff for sixteen years, retiring six years ago. Today he was appointed a deputy sheriff by Sheriff C. E. Jackson, that he might take the place of Deputy Sheriff J. M. Gunnett as bailiff in Department No. 2. Gunnett is laid up with a severely strained knee. Several weeks ago Gunnett slipped upon a frosty porch at his home, and injured his knee. Ten days ago while in Los Angeles he slipped and fell, and again injured his knee, with the result that he is not able to be on duty. Lacy will fill the position until Gunnett is able to return.

**Given Probation**  
This morning Juan Saldano pleaded guilty to non-support of his children, and was given two years probation by Judge Thomas, who ordered him to pay \$10 a month for the care of the children. T. A. Wells represented Saldano.

**Estate Appraised**  
J. N. Anderson, Mitchell Matthews and J. T. Smith as appraisers of the estate of John Rusey have reported it to be valued at \$800. It is proposed to have the estate set apart for the use of the widow.

Anderson, Dr. Harvey and L. A. Evans have appraised the estate of Kate Mellen at \$286.

**IN THE JUSTICE COURT  
OCTOBER SMASH-UP  
RESULTS IN FINE  
\$10 POSTON TODAY**

Virgil Clapp Reports That a Man Said He Would Cut Clapp's Heart Out

The trial of S. V. Poston of Santa Ana on a charge of attempting to pass a vehicle when another vehicle was approaching within 100 yards resulted in the conviction of Poston this morning. Poston was fined \$10. His attorney, G. H. Scott, declared he would appeal.

H. P. Graham was the complainant. He and C. H. Eaton, who was driving a bakery wagon in the same direction as Poston was going, were the principal witnesses called by Deputy District Attorney Swanner. They testified that Poston coming up from behind Eaton started to pass while Graham was approaching on his right side. Poston's and Graham's automobiles crashed together. No one was hurt. The smash took place near Culver's corner below Tustin.

Poston and his wife and Mrs. Nash, who were in the Poston machine, said that Graham was driving on his left side of the road and could not be seen from the rear of the bakery wagon.

**Unpleasant Knife**  
Virgil Clapp did not like the looks of a long bladed knife that he saw at Olinda last Saturday. Clapp, formerly of Santa Ana, has been at work for the Petroleum Producing Company. The boss put O. C. Harrison to work with him. The two men did not get along together, and Clapp told the boss he would not work with Harrison.

According to the information given Deputy District Attorney Swanner, Harrison drew a long bladed knife, showed it to Clapp and told him that unless he told the boss he was willing to work with Harrison, Harrison would cut Clapp's heart out. The boss heard about the knife, and had Harrison turn it over to him. Clapp, however, is not satisfied with the situation, and today he secured a warrant for Harrison's arrest for threatening to kill him.

**Speeding Cases**  
Motorcycle Officers Davenport and Ballard found yesterday a good day for speeders, a sure sign that traffic is increasing. They made eleven arrests. All of the drivers were from Los Angeles except three. Speed for the eleven varied from thirty-seven miles an hour to forty-five, which was the figure clipped by Frank Mathews of Los Angeles, who was traveling dangerously close to the fifty-mile speed, which means ten days in jail. Nearly all of the defendants are residents of Los Angeles. George Brown of Garden Grove and B. L. Marshall of Huntington Beach are among the eleven.

**Charges Battery**  
A warrant was issued for the arrest of N. Reyes and C. Garcia on a charge of battery against T. Cerato.

**MID-WEST IS HELD IN  
GRIP OF BLIZZARDS**

DES MOINES, Ia., Feb. 5.—Wires are down and train service is crippled as the result of one of the most severe blizzards in the history of the state. The storm is general throughout the state. Dispatches indicate that extremely cold weather, together with storms, is prevalent in Tennessee, Kentucky and North Dakota.

**THOUSANDS TAKE  
OUTINGS, LURED  
BY WONDROUS  
SUMMER DAY**

Southland Revels In Glories of Sea and Mountains As Cold Snap Halts

Santa Ana's climate has "come back." Following what is generally conceded to have been the longest continuous cold spell this vicinity ever experienced, yesterday was one of the prettiest days imaginable. It was a typical summer day. The atmosphere was clear and the mountains and ocean never were prettier.

Thousands of people from all parts of Southern California, liberated from their homes by the warm sunshine and clear sky, made excursions to mountains and beach. There were no overhanging clouds, threatening rain, to cause people to hesitate in starting on a long trip.

Hundreds of machines passed through Santa Ana yesterday forenoon en route south, some to Orange county beaches and mountains and some going to San Diego. The cars passed through in droves and reminded one of the big holiday events at the San Diego exposition last summer when everyone who could get away from home and business headed toward the exposition city.

Newport Beach, Huntington Beach, Seal Beach, Capistrano and Laguna Beach had large crowds.

At Laguna the pleasure seekers exceeded in number the high record of mid-summer. A man returning from Laguna about 3 o'clock yesterday afternoon took the license numbers of about fifty machines passed on their journey down, and reference to the license book issued by the motor vehicle department disclosed the fact that the cars were owned by residents of seven Southern California cities—Santa Barbara, San Bernardino, Riverside, Pasadena, Los Angeles, Whittier, Orange and Santa Ana. Some of the numbers taken were not found in the book and it might be that those missing may have been from other cities in the southern section.

Many Santa Anans spent a merry day at Camp Baily, which was a very lively place, about 300 machines having made the trip. Snow baling and sliding down the slippery hills occupied the greater part of the time, the day being delightfully warm and pleasant.

The friends of F. M. Robinson, of the First National Bank, are asking him a pertinent question today, and that is, "What is a mountain banquet?" Ask Fred. He knows.

Dr. Ada B. Keller, Osteopath, graduate of Kirksville, Mo. Office, 804 West Fourth Street. Phone, Pacific 238.

**ARIZONA PAYS  
\$35,000,000  
IN DIVIDENDS**

Ten mines in Arizona paid \$34,000,000 in dividends during the past year. Adding Utah, Montana, Nevada and Idaho dividends to those of Arizona we have a total of over \$100,000,000 in dividends paid out of the mines of these five western states in a single year.

These are some of the impressive facts brought out by the report of the geological survey to Secretary Lane, just made. "Never before," said Mr. Lane, "has so large a draft been made on the natural resources of our country as during this year, and never before have the metals been extracted from these ores with less waste or utilized to better advantage in advancing the general prosperity of the country. Even as written in the plain figures of 1916 production the wonderful record of our mines sets forth a degree of national industrial independence only hoped for a few years ago.

"Again copper stands out as the best illustration of how American mines can meet a world demand. The output of nearly 2,000,000,000 pounds of the red metal is double that of ten years ago and its value is twice that of the copper produced in 1915. Add to this the facts that in value copper now contends with iron for first place among the metals and that together the amount of these two metals produced last year had a value of more than \$1,000,000,000 and we have a measure of what this country can contribute in useful metals.

Hughes-Arizona Copper stock is now selling at 25c a share. For further information, call on or address
